# OVERVIEW

## HISTORY

Originating from the Curtis L. Carlson School of Management at the University of Minnesota, in the fall of 2007, Sixteen Degrees started as a concept for a student run business. Thirteen students, each with their own unique skills and personalities, helped start the business. A business opportunity soon formed when their entrepreneurial spirits paralleled the spirits of their potential customers. This transformed 16 Degrees from an idea to a highly spirited Limited Liability Company (LLC).
